Dentech Operatory Packages

Knowing that no two practices are the same, we offer Dentech Advance Operatory Packages in configurations and options suitable to meet your individual practice's needs.

Advance Hydraulic Chair

The patient chair is key to providing comfort for the patient and easy access to the oral cavity for the dental team. The Advance Hydraulic Chair offers the ultimate blend of features for both patient comfort and professional convenience. For better patient comfort we offer ultrasoft plush simulated leather upholstery and memory foam. All packages are also available with an ECO-19 Chair.

Advance Delivery Systems

Advance delivery systems meet the needs of the entire dental team. Stainless steel pivot shafts and needle roller bearings in all arms provide dependability and flexibility. Dentech offers many variations of the Advance delivery systems to ensure the practitioner's preferred method of dentistry is easily achieved. All Dentech Advance delivery systems can be equipped with an optional integrated touchpad control.

Advance Dental Lights

A well-lit operatory increases productivity by reducing the eyestrain that leads to general fatigue. Dentech Advance lights allow clinicians to create an environment of well-balanced, color corrected light for the oral cavity.

Advance Stools

When dental professionals are comfortable and properly positioned, the result is better dentistry and increased productivity. Dentech Advance stools offer the ultimate combination of comfort, adjustability, and ergonomic design.

Dentech Equipment is backed by Dentech's legendary service and a five-year warranty. Dentech Equipment has a 35-year track record of providing high-quality dental products. Our goal is to provide dental professionals with products that increase productivity and reduce risk of injury through sound ergonomic design.

Dentech reserves the right to change specifications and make any technical alterations without notice.
